As a senior-level consultant, professional CFO and leader, Shawn has consistently helped entrepreneurs and organizations to realize core objectives. Her diverse industry experience and a proven track record in strategic planning and analysis, audit, financial reporting and compliance, and budgeting and forecasting at the corporate and subsidiary level, for both public and private companies, add value to every project that she has ever undertaken.

With a transformational leadership style, she is respected by her peers, colleagues, clients and staff. She easily earns their trust with her sincerity, knowledge, bold determination, and her ability not only to see the numbers but also to hear what those numbers are saying. Working collaboratively, she has built and led strong finance organizations. She is a highly effective communicator and team builder with career-long success designing growth strategies that support long-term organizational objectives.

Shawn actively promotes corporate/community partnerships; serving on the Board of Directors of several local, regional and international not-for-profit and privately-held organizations. She is a member of the Central Florida Chapter Board of Directors of Financial Executives International (FEI). Ms. Joseph is a doctoral scholar with an emphasis in leadership, management, and information systems. Having also earned a MBA in Global Management and a Bachelor of Science Degree in Accounting, her goal is to contribute vision and strategic direction to the clients and organizations that she serves.
